## Ideas for Humorous Rhyming Traffic Sayings Wanted

### SITUATION:

Cornelius Pass Road will be closed for improvements this coming May-September. This will turn our somewhat quiet secondary roads into busy freeways. Let's do something positive.

### PLAN:

Skyline Grange has a plan to perhaps encourage motorists to be more mindful that they are traveling in our curvy, wonderful neighborhood.

Think Burma Shave. From 1926-1963, the Burma Shave Company advertised its brushless shaving cream by putting up groups of 4-6 small signs along roadsides. These signs were humorous rhyming poems spaced for sequential reading by passing motorists. Some of the signs featured safety messages about speeding instead of advertisements. An example of a Burma-Shave sign is "Hardly a driver / Is now alive / Who passed / On hills / At 75 / Burma-Shave".

SUBMIT YOUR JIGGLES: to [skylinegrange894@msn.com](mailto:skylinegrange894@msn.com).

- 1 Jiggle Criteria: should rhyme, be 4-5 short lines, humorous, and will have a message (ideally a punchline) to motorists.
- 2 Submit to [skylinegrange894@msn.com](mailto:skylinegrange894@msn.com).
- 3 Jiggles will be juried and the best selected.
- 4 DEADLINE for submission is Monday, February 25.

OFFER YOUR ROADSIDE FRONTAGE TO HOST A JIGGLE

We would like to target Newberry, McNamee, Kaiser, Old Cornelius, Brooks, Logie Trail, and Skyline in particular. Signs need to be placed on private property adjacent to the road (not in the public right-of-way). Each jiggle would require about 60-100 feet of lineage in all. Locations need to be free of obstruction (weeds/trees) and in a safe place (straight away) for motorists to read (e.g., not on a sharp curve).

#### VOLUNTEERS TO HELP MAKE SIGNS

Grange is exploring sign material options that are classy, but affordable. They will follow the traditional Burma-Shave design. A red & white sign-making party will be held this spring before the Pass is closed.

LET'S PROMOTE ROAD SAFETY WHILE PRODUCING SOME CHUCKLES.

#### STINKBUGS

Submitted by Ras

We are still a few months away from the time at which the Insect explosion will begin (maybe sooner due to a mild winter). On this list of Bugs, is the Brown Marmorated Stinkbug, an invasive species from China, Japan, and the Korean peninsula. Most of us are familiar with it's presence in the Pacific Northwest over the past 4 years, and it's exploding numbers since that time. I would encourage anyone that is interested in, or concerned about the presence of this "Bug," to read an article posted in the March 12, 2018 Newyorker magazine, "When 26,000 Stinkbugs invade your Home" Written by Katheryn Schulz. The article helps to gain an insight on the Brown Marmorated Stinkbug, it's History, habits, introduction, and perceivable problems Entomologists predict in the future. If you can, take the time, it is an informative article.

#### Seedlings with Planting for Sale

Seedlings have been in short supply the past couple of years, so I am passing this notice along in case anyone is still looking for tree seedlings (and tree planters) for this season. If you are interested or have questions, please contact Ken Nygren (phone number below), not me.

Bell Timber has about 3000 western redcedar and 4000 Douglas-fir seedlings to sell to landowners. It comes with delivery, planting, and supervision of the planting (by our employee) for the cost of \$1.16 per tree. I don't want to separate the costs away from the seedlings though. I can break out smaller lots down to 200 trees and prefer to take care of the smaller landowners and OWC members first, but need them sold soon.
