FALL BACKYARD BURN SEASON BEGINS, BUT CALL BEFORE YOU BURN

Now that the rains have returned, the fall backyard burn season has begun and will continue through December 15. Residential "backyard" outdoor burning is limited to approved burn days and hours during the spring (March 1-June 15) and fall (October 1- December 15). This allows for limited outdoor burning of yard debris, leaves and tree trimmings in accordance with DEQ Rules and ODF rules.

- Check the TVF&R Outdoor Burning Map at [Tualatin Valley Fire & Rescue Burn Restrictions \(arcgis.com\)](http://Tualatin Valley Fire & Rescue Burn Restrictions (arcgis.com)) to see if your address is allowed residential backyard debris burning.
- Next, if burning is allowed in your area, find out whether it is an approved burn day by calling TVF&R's Burn Message at 503-259-1789. Call before you burn!
- Days and hours approved depend upon air quality and fire risks.
- Unauthorized burning during a burn ban may be subject to enforcement.
- Never leave a fire unattended. Escaped fire is a leading cause of wildfires in Oregon.

COMMUNITY SUGARING IN THE PACIFIC NORTHWEST

The Oregon Maple Project is organizing a local Sugaring Collective, a group made up of folks who may have access to bigleaf maple trees and are interested in learning alongside other woodland owners how to sustainably harvest and make bigleaf maple syrup. Check out the following information to learn more and contact Eliza at info@oregonmapleproject.org to learn more about becoming a member. The Oregon Maple Project is an educational nonprofit that engages community members in local production of Bigleaf Maple syrup - because nature is admirable, trees accomplish astonishing things, and together we can tap in for a taste. We invite you to join our Sugaring Collective for the 2022-23 season.

What: Our Sugaring Collective is comprised of individuals and families in NW Oregon who have access to Bigleaf Maples for tapping. The Oregon Maple Project provides training and assistance through sugaring workshops and site visits. Members of the collective learn to tap their own trees, harvest sap, and freeze it for later processing. In early spring we combine our sap in the Oregon Maple Project evaporator, boiling Bigleaf syrup together at Camp Colton. Members of our Sugaring Collective pay \$150 to participate, receiving ongoing support throughout the sugaring season, plus a percentage of the Bigleaf syrup crop equal to their sap harvest.

When: Our first workshop for this season's Sugaring Collective will be on Sunday, November 6, 2022. We will start tapping in late November; collect sap all the way through February; and "sugar off," bringing sap to syrup in March. Members of the Sugaring Collective follow best practices, harvesting, filtering, and freezing sap from their maples daily throughout the winter.

Where: Workshops and the community boil are held at our sugarhouse in Camp Colton. Sap harvesting and site visits happen on members' personal property. Please contact Eliza to learn more about becoming a member of the Collective.
