SRN Spring Meeting, 7 PM, April 28

This year our annual spring meeting is focusing on two of the most important issues in our neighborhood: Wildfire Prevention and SRN Internet Access. Please attend your neighborhood meeting to find out the latest information and what you can do individually to make a difference.

The meeting will be held online this year on Thursday, April 28th at 7pm.

Follow this link to access the meeting via

Zoom: <https://chapman.zoom.us/j/7617986631>

After a brief SRN business meeting, the following presentations will follow: Kim Kosmas of Portland Fire & Rescue and Trace Richard of TVF&R will provide information on how you can better protect your home from wildfire. Then Sara Ali, Multnomah County's new Digital Access Coordinator, will update us on the latest efforts to improve internet access in the Skyline Ridge area.

Are you interested in better/faster Internet?

As you may know, SRN has recently conducted a survey of our community to determine which of you receive internet service, from whom and its quality. We feel this is an important issue for our neighborhood. That information has now been forwarded to Multnomah County's Digital Access Coordinator, who, in turn, has forwarded it on to Faster Internet Oregon (a group working to develop a map of Oregon internet service gaps) with the goal of securing funding to help close the internet gap.

A geographical survey of residences and distances would be helpful for both providers and government agencies in assessing the cost and logistics of providing internet access to our rural area and for this, we need your help. We have contacted Comcast which provides a robust internet broadband service to approximately the 13900 block of Skyline Blvd. If we are able to do a little of the preliminary work for them, they seem willing to conduct their own survey and map of the area. With this, we hope to ascertain cost proposals per household as well as approach other internet providers in the future.

What can you do?

If you are interested in this proposal, we would appreciate you providing your address and email. If we can construct a map of our area with the location of residences that want and need faster, better internet service, it will be a huge step assessing the viability of providing broadband internet access to all. Please email your name, email, and street address (P.O. Boxes aren't useful) to internetsurvey@SRNpdx.org.

You are also most welcome to mail your response to SRN BOARD PRESIDENT, Suzanne Perra, 17050 NW Skyline Blvd., Portland, OR 97231
